Thanks much! I'll just print it out, and process the changes for CERCLIS. I'll also send it as an FYI e-mail attachment to Mo, Cliff, and Craig. That should cover it? Again, thanks for your forbearance. Have a good weekend! Monica.

Great. Can you jts print it out and call it good, or do I have to sign and forward to you?

Subject Memorandum - Re:IDD984666313 Avery Railroad Dump and Roundhouse site; and IDN001002677 Avery Landing

Hi, Earl,

Looks great! Just made a few changes - check and see if you can live the dates. CERCLIS cannot process a Quarter as a date in its action tracking schedule. Also added to delete the newly created duplicate site. If you want to make any changes, go right ahead. If not, then give me your OK.

Then I will add a print out of the Memo to the IDD 984666313 Avery Landing (aka Avery Railroad Dump and Roundhouse) site file records, attach one to the CERCLIS data entry request, provide Craig Conant of the R.10 SF Records Center with the necessary information to make their necessary changes in their filing systems, and inform Mo and Cliff. That should do it for a sufficient paper/audit trail.

Anything else?

Thanks and have a good day!

Monica.
